

The Glen Event series Share The Experience Discount Program

Phoenix CMR Inc. has, for several years now, been providing discounts to repeat customers. These discounts are in the form of coupons for \$20.00 that are mailed along with the newsletter and sign up form in the initial mailings. The coupons are used with those sign up forms and the amount of the coupon is deducted from the sign up price. The coupons can only be used for early registration by the person they are issued to and are good for one sign up.

Beginning in 2005 an additional discount program has been enacted. If you are a current customer, and you assist in signing up someone that has never been to one of the Glen Event Series events, you will receive an additional one time \$25.00 discount for the event you both attend.

Rules of the discount program:

- 1) The person that signs up with you pays the full amount and must never have attended one of the previous Glen Event Series events.
- 2) Both your sign up form and the new persons sign up form must arrive in the same envelop at the address specified on the Glen Event Series sign up form. The sign up forms must be clearly marked identifying which form belongs to the original customer and which is the new customer. Simply write "New Participant" at the top of each of the new participants forms.
- 3) There is no limit to the number of people you may sign up. You will receive a \$25.00 discount for each person. However, there are physical limits to the number of vehicles that Phoenix CMR Inc. can have in a group for any given event. Therefore, if a sign up arrives at the specified address and the run group that one or more of the new participants will be placed in is full, Phoenix CMR Inc. will not be able to honor those discounts.
- 4) This promotion applies to early registrations only. The cut off dates for the June and August event early registrations are listed on the event sign up sheet.
- 5) Phoenix CMR Inc. reserves the right to discontinue this promotion at any time without prior notice.

It is advised that you check the current run group status on the Phoenix CMR Inc. web site at www.phoenixcmr.com. The run group status is listed as Open or Closed and if you intend to sign up a group of people it would be wise to email me or call prior to mailing in the paperwork.
